

Lapbank Trolleys

High Security, Maintenance Free, Durable Laptop Management

High Security

High quality all welded steel construction

7 lever mortise safe locks

Anti-jemmy bar devices

Heavy duty full length piano hinges - no dropping doors

Individually ventilated shelves - no heat build up

Secure wall & floor docking options

Easy to use

Recessed top with non-slip mat provides a handy shelf

130mm heavy duty rubberised swivel braked castors for reliable, easy roll operation

Charging - Maintenance Free

Kept simple using your own chargers with our specialised double insulated, fully earth bonded system

No problems with programmed voltages and laptop warranties or expensive call out charges when swapping laptops.

Soft Start with Surge Protection, Mains Conditioner and Anti-Backwash Device

Prevents tripping the room's electrics when all laptops begin charging at the same time. Provides surge protection to laptops and prevents stored charge from transformers passing down the mains input cable to the plug.

Networking Zone

Additional shelf provided on 16, 20 and 24 laptop trolleys to house networking kit

Secure Docking Option

Bolts trolley to building fabric for secure overnight storage.
