## 1.5m Heavy Duty Projector Case Cable Kit

11mm diameter multi strand steel cable 1500mm long, includes vinyl covering and stainless steel end stops, is secured by a shielded heavy duty lock at the clamp end.

At the structure a range of anchor fixings to concrete, timber and steelwork is provided with each kit. Different length cables available.

## 120dB Projector Case Alarm

The 120dB motion sensing alarm with microchip intelligence.

The alarm is located within and protected by the clamp chassis. The alarm gives warning chirps to prevent accidental activation.

Electronic key override is standard. When coupled to the physical integrity of the heavy cable system maximum protection is achieved.
